BLUETAINMENT FÜR BIKER

Exceptional Advantages of the BlueBike Systems

- **Fully automatic management** of the main functions
Cell phone, Navi, Intercommunication, Music
- **4 functions parallel available:** Cell phone, Navi, Intercommunication, Music
- **Individual volume control** of these 4 main functions
- **Vox control with individual adjustable microphone sensitivity**
- **Voice announcement** of the different functions – e.g. ‚Micro on/off‘, Battery low, etc.
- **Battery operating time: 15 h** full load
- **Average operating distance: ca. 700 m visual range**
- **Emergency call function directly with the BlueBike**
(cell phone has to be logged in directly to the BlueBike)
- **Automatic volume adaption**
- **1 Watt audio amplifier** (others about 0,2 Watt)
- **3-Watt-loudspeakers** (others about 0,5 Watt) – no sound distortions
- **Endless number of BlueBikes** can be connected within the range of about 700 m, also while the TeamTalk mode **all functions** are available automatically
- **Automatic switching** from the intercommunication mode to the TeamTalk mode for an endless number of BlueBikers – activated by e.g. the tour guide (Update Winter 12/13)
- **Fast charging electronics** (1-3 h – also while the ride and even while the BlueBike is working. 12 V and 230 V – charging technology)
- **Navigation and Cell phone** can be logged in **parallel** via Bluetooth
- **Automatic acceptance of an incoming call**
(the cell phone has to be logged in directly to BlueBike)
- **Redialling** (cell phone has to be logged in directly)
- **Voice dialling** (if supported by the cell phone)
- **Memory of all logged in Bluetooth devices**
- **Suitable for nearly all approved motorcycle helmets**
(please ask before the order)
- **High wearing comfort (professional installation)**
- **Smart and inconspicuous optical appearance (only the operating panel is visible)**
- **BlueCenter** (as an option) for BlueBikers with a 2-way-radio (**LPD/PMR**) – all BlueBike features remain available
- **BlueTwin** (as an option) for BlueBikers with a stereo-equipment at the bike – Transmission into 2 helmets – all BlueBike features remain available
- **100 %** developed and produced in Germany
- **3-year-warranty – even for the battery**
- **24 hours support** – also by direct dialling from the helmet (Update 2012/2013)
Cell phone has to be logged in directly to the BlueBike
